

## THE GATEWATCHER

April 28 until May 28 2012

### Opening

Friday, April 27th - 20:00

Opening by *Dr. Ronald Plasterk*

**Artists** Camile Smeets, Dorothea Seror, Gil Yefman, Itamar Gilboa, Katarzyna Kozyra, Mehdi-Georges Lahlou, Mirit Cohen-Caspi, Raafat Hattab, Silia Tung

The exhibition explores the boundaries of gender in Western culture. In the works presented in the exhibition, the artists 'visit' their respective other sex. They transgress prevalent, traditional boundaries of gender affiliation that prescribe what a woman should do and how a man should act.
